

Community Dashboard

Create your own community dashboard by using all indicators or search for just a few. Using "location type" and "location" you can create dashboards for counties, regions, and the state. By creating the three separate dashboards you can compare your county to the region and the state.

If you want to create a visual comparison report of the geographic areas, select [Create Indicator Comparison Report](#).

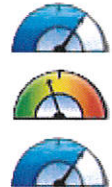

Indicators for County: Labette

[View the Legend](#)

Health

Access to Health Services

- Average Monthly WIC Participation per 1,000 population
Comparison: KS State Value
- Ratio of Population to Primary Care Physicians
Comparison: KS State Value
- Staffed Hospital Bed Ratio NEW
Comparison: KS State Value

Cancer

- Cancer: Medicare Population
Comparison: U.S. Counties
